Tychem®

Description DuPont™ Tychem® 4000 S, Model CHZ5 Hooded Coverall

Fabric Properties Tychem® 4000 garments are made from a lightweight, supple and durable fabric (<700g per garment) consisting of a chemical barrier film laminated to a heavy duty Tyvek® substrate

Physical Properties They achieve a barrier to permeation by a broad range of inorganic and organic chemicals. Tychem® 4000 S is ideal for chemical handling, environmental clean-up operations and emergency response. It is suitable for use in a variety of industries, including oil and gas, chemical engineering, and for use by hazardous material response teams and other emergency services.

Uses Chemical protective clothing

Standards

Sizes M - 3XL

Precautions Garments must be correctly and continuously grounded via electrostatic dissipative shoes, floor and/or grounding cable
