

### Spectacle Eyewear EYS1 T58005BRB

<b>Description</b>	Tornado Spectacle
<b>Lens</b>	Smoke brown lens. The lenses are protected by North's exclusive Coatings: anti-scratch, anti-static and anti-UV 99.9%. The 100% Polycarbonate lens is UV380, resists UV light on 380nm. The lens offers superior impact resistance and meets all optically correct standards. Lenses are 'Diamond' Coated - anti-scratch and anti-fog combined Dielectric, no metal parts so ideal for electrical work.
<b>Physical Properties</b>	Stylish spectacle with a black Nylon frame and polycarbonate lens. Unique dual lens styling in a single piece lens design gives maximum protection and comfort for greater user acceptance.
<b>Uses</b>	This spectacle can be used in areas where the risk of injury from high impact is present when grinding, drilling, or woodworking, for example. Ideal for use in underground operations where anti-fog is required.
<b>Standards</b>	Conforms to ANSI Z87.1-2010
<b>Precautions</b>	Not to be used for any form of gas cutting or gas welding. Not to be used when arc welding. No protection is offered from infrared radiation. Not suitable as protection from chemical splash.
