uvex

Description	uvex i-vo Welding Shade, Shade 3 lens
Lens	Grey Polycarbonate lenses providing protection against impact as well as UV rays, IR rays and visible glare. Coatings: Supravision HC-AF technology enables us to apply a coating which makes the lens extremely scratch-resistant on the outside and permanently anti-fog on the inside.
Physical Properties	Comfortable welding safety spectacles. Three different protection classes with a grey tint. Perfect colour recognition in line with uvex sun glare filters. Comfort and design without compromise. Uvex duo component technology combines hard and soft components for maximum wearer comfort. Soft components around sensitive parts of the face (ears, forehead, nose). Available with fully adjustable side arms enables the wearer to achieve an individual fit. Mechanical strength: F (45m/s)
Shades	Available in welding shade 3 or 5
Uses	Safety spectacle
Standards	EN 166, EN169
Precautions	The products do not provide protection against laser beams
