

Spectacle Eyewear EYS2 9190286

uvex

Description	uvex i-3
Lens	Polycarbonate grey lenses. Coated with supravision HC-AF coating. Anti-fog, anti-scratch and antistatic properties plus 100% UV protection.
Physical Properties	These innovative protective spectacles are designed to perfectly fit the face. Their flexible side arms with variable inclination can be individually adjusted, while the integrated Softflex zone ensures outstanding wearer comfort for all head sizes. The Softflex nose piece with flexible adjustment ensures a comfortable, pressure-free fit and remain firmly in place. Soft ear and Softflex bridge pieces ensure a secure fit in any situation.
Uses	Safety spectacle. uvex Supravision performance coating is three times greater than that required by the standard. This coating is perfect for sudden exposure to condensation and work environments which demand frequent cleaning of lenses.
Standards	EN166, EN170 & EN172
Precautions	Not to be used when welding, cutting, or for furnace work. Not for infrared protection.
