

Accessories

HFA1 FSA1512

Description	Nylon Cap Attachment to Fit Earmuff Slots on Safety Cap
Physical Properties	Nylon cap attachment with flip-up adjustments and flip-back block position. Complete with earmuff adapters which fit a wide range of slotted safety caps.
Uses	To attach various visors to safety cap for face protection
Precautions	Ensure attachment is fitted correctly into the cap slots to avoid detachment during use. The type of visor fitted must be adequate to protect against the working hazard.
