

Banded Earplugs HRB2 QB2

Description	Band Type Hearing Protector
Physical Properties	The ergonomic design of the band keeps the pads suspended so they don't become contaminated when set down. It is designed for moderate or intermittent hearing protection as the semi-aural pads fit just into the ear canal opening. Replacement pads are reusable.
Attenuation	NRR 25dB
Standards	ANSI S3.19:1974
Uses	Ideal for use in low or medium noise environments such as in light industry
Precautions	Do not use where noise levels exceed 100dB. To ensure maximum protection always use as directed on the packaging.
